BAYLINE SERIES

For locations prone to high winds and coastal areas, the Bayline Series Shelter is the perfect transit stop addition. The Bayline Series Shelter features a unique B-style fascia and seamless glass applications that will add a touch of contemporary style to any streetscape. Its rear wall is floated, allowing for increased air flow while maintaining the shelter's structural integrity. Plus, the shelter is customizable, making it the perfect spot to incorporate public art projects or custom branding elements. Brasco's collaborative, client-centered approach guarantees that each project's unique expectations are exceeded.
