# BUILD YOUR SHELTER

## TECHLINE SERIES

With a classic timeless design, the Techline Series Shelter is ideal for any streetscape project. This classic shelter model features a unique curved fascia design with interconnected square aluminum columns for unparalleled structural integrity. Like all of Brasco's shelter options, the Techline is incredibly versatile when it comes to size and layout. Whether you need a small shelter for a bus stop or a larger shelter for a train station, we've got you covered. Brasco's collaborative, client-centered approach guarantees that each project's unique expectations are exceeded.
