

# WALL MOUNTED DISPLAY CASE

Our powder coated aluminum display case offers a clean and secure solution for public maps, route schedules or general information. They feature one-way drainage and ventilation holes to keep media protected from the elements and can be used as a two-sided or one-sided unit with an optional aluminum backer sheet. The continuous stainless steel piano hinge provides an extremely strong door for long term use, easy accessibility for changing media and a tamper resistant locking mechanism. Mount directly to your shelter and glaze with perforated aluminum, acrylic or tempered glass. Order this display case with any new shelter or retrofit it onto an existing one.
