## AERO

Brasco's Aero Series Shelters boasts a beautiful wide canopy with center column design offering maximum overhead shelter with a minimal footprint. Designed to set itself apart from traditional bus shelters, the Aero Series Shelter is the perfect solution for narrow high-traffic pathways or vandalism-prone areas. Constructed from powder coat painted steel and aluminum, this shelter is designed to add a lasting impact to any streetscape. Brasco's collaborative, client-centered approach guarantees that each project's unique expectations are exceeded.
